Wednesday, 18 March 2015 00:00 - Last Updated Friday, 20 February 2015 17:40

---

It's time again for the Spring Team Handicap Skeet League. For all you previous participants, nothing has changed. For you new shooters and members, a team consists of 5 shooters. We have room for twelve teams, no more. If you want to ensure your team has a spot you need to email me and let me know who's on your team. Once we max out at twelve teams we can't accommodate any more. The league lasts eleven weeks, every Wednesday night weather permitting. Each team will shoot against every other team. Shooting starts at 6:30pm (two teams compete against each other for points; one point for each round and a 3rd point for the total of two rounds. One person from each team scores for the opposing team. The second rotation should start at 8:30pm. Each team needs to be mindful of the amount of time it is taking them (two teams shooting two rounds each should not take longer than 1.5 hours). Teams will be assigned fields and time slots each week. The skeet league software handles this so all teams will shoot on all three fields at different time slots each week. Pre-shoots are limited to two per person. No make ups. At least 3 members of a team must be present to compete. If less than 3 shooters are present, that team will forfeit all three points. If a team is short a shooter, the opposing team gets to drop their lowest shooter scores (the software does this). The 1st and 2nd place teams are awarded at the end of the league. High individual, most straights, etc are awarded too. Each shooter establishes a handicap the first night which gets adjusted each week going forward. We will place individuals the best we can if there is room.

Safety rules and NSSA rules will be strictly enforced. It is the team captain's responsibility to assure that each shooter wears the required eye and hearing protection as required by club rules.

**STARTS MARCH 18, 2015,** every Wednesday till completion. If weather prohibits shooting we will extend another week.

Request the Team Captains take responsibility for the following:

- Promote safety and good sportsmanship.
- The conduct of individual team members while shooting.
- Assure your team members are in attendance and ready to shoot as scheduled.
- Verify and sign the opposing teams score sheet.
- Provide team member to referee and score for the opposing team.
- Pick up spent hulls and refill the skeet machines after you have completed shooting.
- Assure your score sheets are given to the League Scorekeeper at the end of each night's shooting.
- Collect \$85 League fees from each of your team members and deliver the money to the club treasurer, John Delaloye, on the first evening of the league.

Be safe and have fun. Any comments or suggestions for improvement are welcomed!
